

A View from County Hall

Travelling to county hall last month, I listened to a very informative conversation between Professor Sarah Harper, Director of the Oxford Institute of Population Ageing and Professor Jim Al-Khalili. The programme made me very

aware of the complexities of aging and how historic baby boomers, restricting families to one child, greater freedom for women and a multitude of other factors has given rise to the fact that we will soon have as many children under 15 as there will be adults over 64.

Last month Professor Chris Whitty visited North Yorkshire as part of his research for his annual report. He met with representatives from key partner agencies to provide scene setting for the locality, and the healthy ageing rural agenda more widely. He said that the medical profession need to adapt to an ageing population. Improving the quality of life for older citizens should be a major aim of policy and medical practice. He noted that successive governments and professional bodies had not recognised the degree to which the population living in older age is concentrating geographically - that is a very pertinent point in respect of our Wolds villages. The rise of multiple conditions in the same older person requires changes in medical training, NHS services and research. He emphasised that we need to focus on how to maximise the independence and minimise the time in ill-health between reaching older age and the end of life. Quality, enjoyment and independence should be the principle aims. After reading these headline statements, I am in total agreement with him. Here in our Wolds villages, the strength of our communities and working with our NYC adult social care is instrumental in achieving these aims.

When we see such trouble around the world, it is easy to become disheartened. As we move into the Christmas season, I think we should all take a dose of professor Whitty's medicine and put "enjoyment" at the top of our list - at least for the festive season!

With all good wishes for Christmas and the New Year.

Advent and Christmas in the Wolds Valley Churches

As we enter this time of mystery, story, miracle, and anticipation the Churches of the Wolds Valley are delighted to be able to offer a feast of opportunities to gather, sing our favourite carols, hear the story retold and connect with the traditions (old and new) that we love to be a part of at this time of year. With services and events throughout December there is something for everyone.

On 16th November Weaverthorpe said a final goodbye to Jeff Hill. Family and Friends joined his wife Pat alongside Daughters Karen and Tracey in the Blue Bell to celebrate the life of a dear Husband, Father and Grandfather. Many items and photos were on display representing Jeff's working life together with treasured Family photos which captured his wicked sense of humour and revealed what a devoted family man he was. Everyone present will no doubt, in time support Pat and her Family in dealing with their tragic loss. *(Jeff is pictured at his beloved Filey).*

ST. ANDREW'S CHURCH, WEAVERTHORPE

SPONSOR A DAY

Dear Resident

The church of St. Andrew at Weaverthorpe has been a place of worship and celebration since the 12th century. Today it has services monthly, hosts baptisms, weddings and funerals and also stages special services and exhibitions for the community. As with most ancient buildings there is a cost for upkeep of the church, currently £15 a day for St. Andrew's.

We are writing to ask if you would like to sponsor a day in the life of this church by choosing a date of significance to you and your family. There will be a book in the church and on the date you choose we will write your name and anything you would like to say about this special day. This is for families and individuals. Once we have the book in use, we will let you know and you will be able to visit the church and see your special day.

For each entry we would ask for a donation of £15, once per year, by standing order to St. Andrew's Church. Please email jemasonuk@yahoo.co.uk or telephone 01944 738238/07702192001 for further information. Please return the slip below to jemasonuk@yahoo.co.uk or post to Mrs J. Mason, Gara Croft, Weaverthorpe, Malton YO17 8ER. (PCC representative)

Please help us to continue to be able to worship and celebrate at St. Andrew's church for many years to come.

Kind regards

St. Andrew's PCC (parochial church council)

Helperthorpe Bird Notes

An occasional series from a local birder and sound recordist.

Highlight of the last month was ... a pheasant clattered into view ... thought it was being chased or chasing a sparrowhawk ... as the birds drew level a long bill and erratic flight meant it was a woodcock ... probably my only one for the year though always very welcome ... also very welcome have been some large flocks of winter visitors ... fieldfare at least 600+ on one occasion with 150+ redwing in their midst ... and 500+ pink-footed geese heading east down the valley ... the occasional brambling has been heard ... never stumble on a flock ... of the locals 30+ corn bunting ticing was a welcome sight ... and sound ... the resident great spotted woodpecker has been spotted ... sorry ... and a barn owl at boythorpe added to the fun ...

A new breeding bird for the UK was found in Cambridgeshire ... a glossy ibis ... a fledgling was found along with up to 12 adults in a colony ... the species has been observed over many years throughout the year at many favoured haunts ... also bee eaters bred ... what a joy they would be ...

All creatures have binomial names ... some creatures a have third name ... an avian eponym ... birds honoured with peoples names ... three regular birds are ... the greenfinch ... chloris chloris harrisoni ... James M Harrison ... British ornithologist and founder of the Harrison Zoological Museum ... great tit ... parus major newtoni ... Alfred Newton ... a founder of the British Ornithologist Union 1858 and the journal The Ibis ... song thrush ... turdus philomelus clarkei ... William Eagle Clarke ... English ornithologist served for 30 years at the Royal Scottish Museum ...
